

TROPICAL INTERNSHIPS in Ecuador!

**THIRD MILLENNIUM ALLIANCE INVITES YOU
TO JOIN OUR EXPERIENCED AND
DEDICATED STAFF IN THE JAMA-COAQUE
ECOLOGICAL RESERVE ON ECUADOR'S
BEAUTIFUL NORTHWEST COAST!**

The mission of Third Millennium Alliance is to preserve the last remnants of Ecuador's coastal Pacific Forest and to empower local communities to restore what has been lost. We envision a culture in which local communities recognize both the practical and intrinsic benefits of forest stewardship and manage the land accordingly, creating both economic and environmental sustainability in the region.

ECOLOGY

- Primate Demography & Population Status
- Tropical Ornithology & Nesting Ecology
- Herpetofauna Abundance, Distribution, & Diversity
